

February 1, 2006

Dear Parent(s),

February is National Dental Health Month. Today, the dentists of Yukon, visited all the 1<sup>st</sup> grade classes in Yukon and Piedmont. Our visit was a review of the teaching done in the classroom concerning dental health.

Your child was given instruction in proper dental hygiene and was given a visual oral screening examination (not to be confused with a thorough dental exam).

In order to obtain our goal of preserving your child's natural dentition, we recommend frequent and thorough dental exams by your family dentist.

We recommend the following for your child:

Name: \_\_\_\_\_

Teacher: \_\_\_\_\_ Grade: \_\_\_\_\_

Thorough Dental Exam (possible decay)

Orthodontic Consultation

No Obvious Problems

Sincerely,

Tamara Berg, DDS  
Ryan Brackett, DDS, MS  
Gary Britton, DDS  
Keith Coulson, DDS  
David Deason, DDS  
Doug Durst, DDS  
Richard Johnson, DDS, MS  
Tom Leverich, DDS  
Ron Leverich, DDS  
Mark Mesikep, DDS  
Stephen McCullough, DDS, MS

Chris Recknagel, DDS  
David Reiter, DDS  
Robert Rickey, DDS  
Martin Shedeck, DDS  
Catherine Sherry, DDS  
Stuart Stephens, DDS, MS  
Bryan Taylor, DDS  
Ken Templeton, DDS, M S  
Rick Willingham, DDS  
Scott Wyatt, DDS
